EXPERIENCE

Discernica Systems Corp. | Web Designer

MAY 2018 - PRESENT

- Responsible for design, development and maintenance of websites
- Re-designed the user interfaces for various websites using UI/UX principles to improve the user experience
- For each project I applied the following UI/UX concepts:
 - Delivered personas, low-fidelity and high-fidelity wireframes, mockups and prototypes
 - Went through the iterative process of designing, prototyping, and testing until the desired prototype was created
- After design process was complete, I developed websites using HTML5, CSS3, Bootstrap4, JavaScript, Git, and Slack.

Cantabile Choirs | Office Assistant

OCTOBER 2017 - MARCH 2018

- Filing, data entry, and inventory

Larlyn Property Management LTD. | Receptionist

JULY 2017

- Booked reservations, organized invoices and payments, data entry, filing, and organizing courier services

PROJECTS

Maynooth Furniture

MAY 2019

- Project for Udemy UI/UX Design course
- Designed mobile and web interfaces for a concept e-commerce furniture business
- Created personas and moodboards to guide the design process
- Developed low-fidelity and high-fidelity wireframes and began prototyping with Adobe XD
- Conducted usability tests and made changes to the prototype based on user feedback

Ensemble

APRIL 2019

- Project for Design Thinking course at Queen's University
- Created a solution for musicians who have difficulty meeting others to collaborate with by designing a concept mobile app that connects local musicians efficiently through matching users based on various musical preferences.

EDUCATION

Queen's University | BSc. Environmental Science

2015 - 2019

- Courses: Computer Programming, Design Thinking, Creative Entrepreneurship
